Dear Jeffrey Taylor,

Pentafluoroethane was originally proposed for the HPV program under the sponsorship of Ausimont. Being the successor company for Ausimont, Solvay took the responsibility of this issue. As an international group, EFCTC always had the purpose to present Pentafluoroethane under HPV ICCA Program and it is not our intention to submit anything to HPV Challenge Program. Please, consider me as the official contact for further information.

Thank you
Best regards

Marco Binaglia

Subject: Pentafluoroethane Submission Clarification

Dear Bruno Schmit:

Our records department just emailed me a copy of your submission for Pentafluoroethane on behalf of the European Fluorocarbon Technical Committee (EFCTC). I noticed that these materials were originally emailed to Leslie Scott as a typical ICCA HPV Initiative submission. However, EFCTC has a commitment in our HPV Challenge Program, and I was hoping that you could offer some insight as to whether you still intend to submit materials for Pentafluoroethane to the HPV Challenge Program.

Thank you for your time and consideration.

Sincerely,
Jeffrey A. Taylor
